## RIPPLE DESIGN DETAILS

### Self-Soothing Surface

A carefully engineered surface texture enables residents to engage in tactile soothing, or self-soothing through touch, to help de-escalate behavior and promote calmness.

### Neuro-Aesthetic Design

The simple and repetitive ripple pattern promotes positive emotional and psychological experiences among residents to support a therapeutic environment.

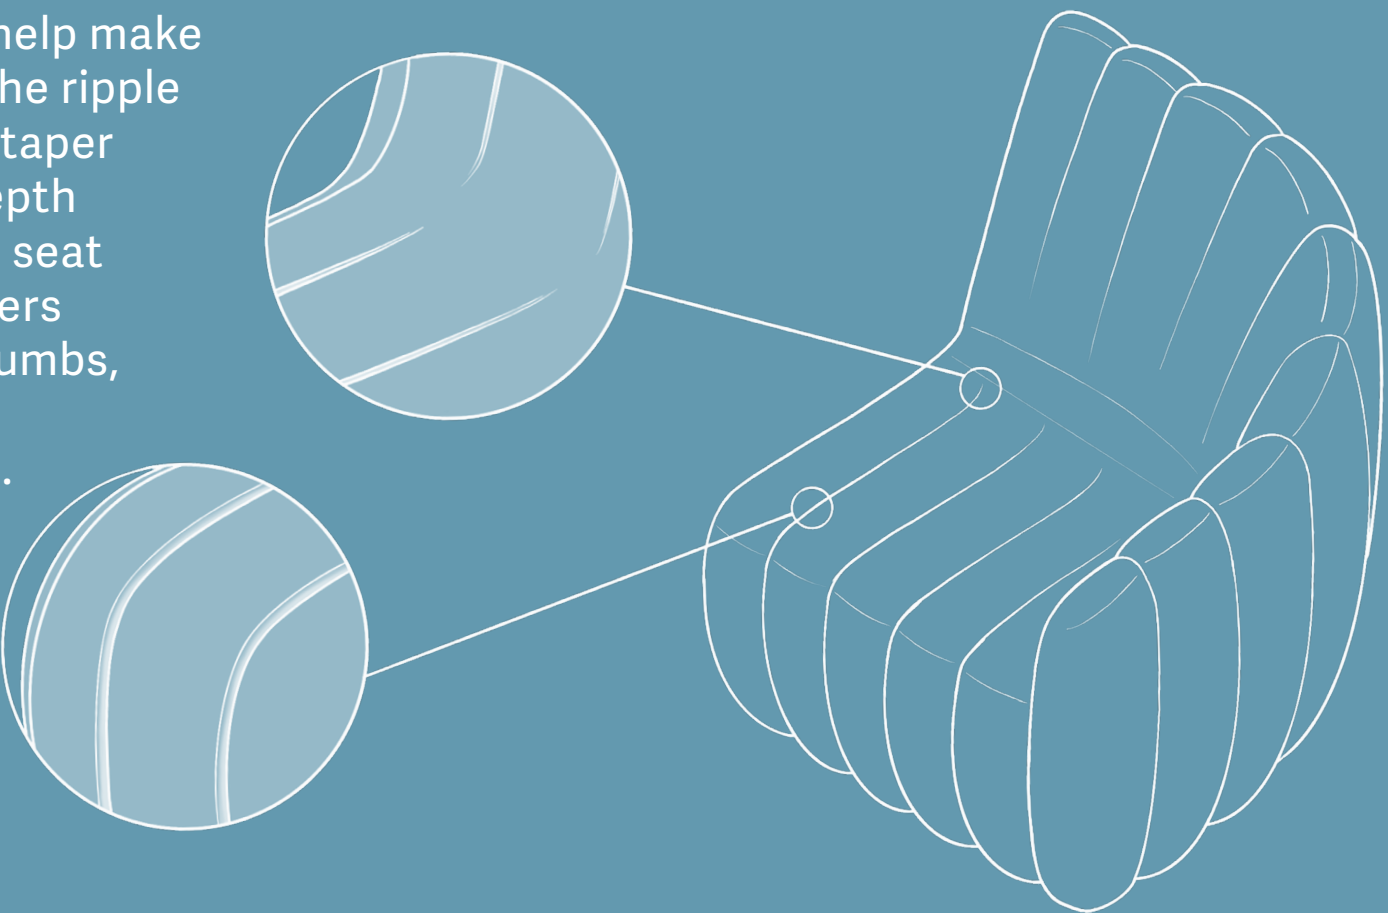

### Cushioned Comfort

A flexible polyurethane foam filling provides a comfortable, soft-to-the-touch cushion without sacrificing durability.

# Ripple Collection

The width and depth of the continuous ripple texture were precisely engineered to not only create an aesthetically pleasing look but to ensure that messes can be easily wiped away. To help make cleaning even easier, the ripple texture is designed to taper into a smooth, zero-depth surface as it nears the seat back, eliminating corners and crevices where crumbs, dirt, or debris would otherwise accumulate.

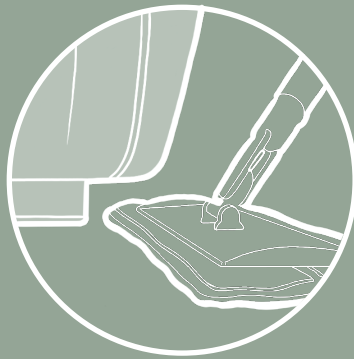

# Hygienically Engineered

SOFT TOUCH

## Peel & Puncture Resistant

The one-piece, rotationally molded surface is resistant to peeling and punctures, supporting long-term durability and helping to maintain a safe, sanitary environment.

EASY TO CLEAN

## Slim Plinth Base

The slim plinth base helps to destigmatize the environment and allows staff to utilize cleaning instruments to effortlessly sanitize around the base.

DESIGNED TO THRIVE

## Fluid Resistant

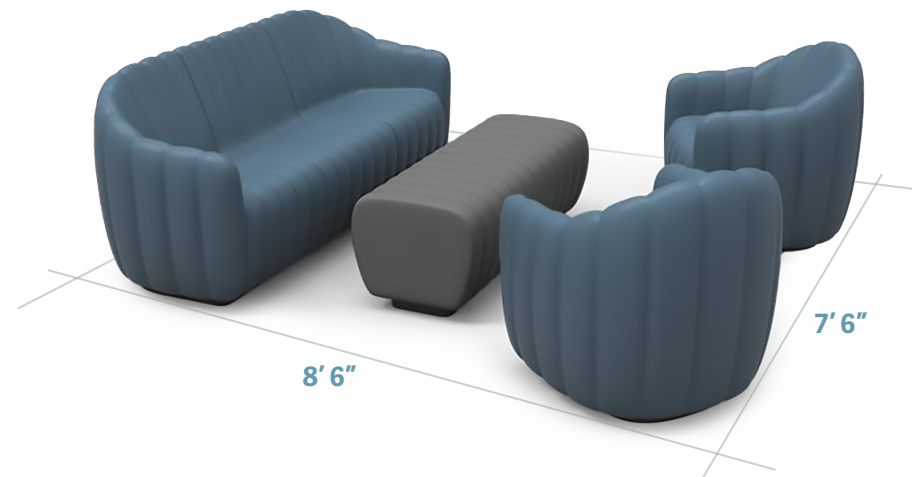

The surface material is impervious to fluids for superior infection control and easy sanitization.

## Waiting Area - 5 Seat Layout

Overall Square Footage: 64 Sqft

2 Lounge Arm Chairs

31" W x 32.5" H x 30" D

1 Left Sectional

25.5" W x 32.5" H x 30" D
